

Pillow Case Dress Instructions

“We’re not just sending dresses, we’re sending hope!”

Trim the sewn end of a new or gently used pillow case. Do not cut off the hemmed edge. It will be the hem of the dress.

Fold the pillow case in half and cut the armhole, about 4 inches down and 2 inches in, so that both sides are the same. (Estimate depending on the size of the pillow case.)

Fold down the top about 3/8" at the front and the back. Edgestitch to make a casing. Slide 6 inches of 1/4" elastic through to cause it to gather in the front and repeat for the back.

Cut two 38" lengths of double fold bias tape. Use bias tape to encase armhole, allowing equal tape extensions at each end so that the dress can be tied at the shoulders. Optional trim at your own discretion

Planting in the hearts of little girls that they are worthy...one little dress at a time.
